

WRGP

Western Regional Graduate Program: 2017-2018

The Western Interstate Commission for Higher Education (WICHE) was established more than 60 years ago to promote the sharing of higher education resources among Western states. One of the programs WICHE created to meet this goal is the Western Regional Graduate Program (WRGP).

WRGP is an exceptional educational resource for the West, allowing master's, graduate certificate, and Ph.D. students who are residents of WICHE's 15 member states, the Commonwealth of the Northern Mariana Islands, and Guam to enroll in some 450 high-quality programs at 61 participating institutions and pay resident tuition at public institutions. In fall 2016 1,567 students enrolled through WRGP and saved an estimated \$23.3 million in tuition; the average savings is more than \$14,800 per student.

WICHE Members

WICHE

www.wiche.edu/wrgp

For general questions, please contact us at
(303) 541-0270 or info-sep@wiche.edu.

FREQUENTLY ASKED QUESTIONS

How do I apply for the WRGP resident tuition rate? Apply for admission directly to the department of the program in which you wish to enroll, or to the institution's graduate studies department. Applicants must meet all of the institution's admissions requirements and apply within the program's deadlines. Identify yourself as a "WICHE WRGP" applicant to be considered for the discounted tuition rate. Programs give a limited number of WRGP reduced tuition seats each year, so apply early. For more information about the programs, visit our website.

How do I establish residency for the program? You must be a resident of your home state for at least one year before applying for admission as a WRGP student. Determination of residency is made by the institution at which you are enrolling.

Residents of Alaska, Arizona, California, Colorado, Hawai'i, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming, the Commonwealth of the Northern Mariana Islands, and Guam are eligible for consideration.

Can I enroll through WRGP as a part-time student? Yes. Part-time students are eligible to participate in WRGP.

How are new programs added to WRGP? WICHE welcomes programs interested in participating in WRGP to submit their nomination. Department heads or graduate deans of programs should contact the WICHE Student Exchange Program office at info-sep@wiche.edu or 303.541.0270.

OTHER WICHE STUDENT EXCHANGE PROGRAMS

Western Undergraduate Exchange (WUE)

The Western Undergraduate Exchange provides an opportunity for residents of participating Western states to enroll in designated public undergraduate programs in other participating WICHE states at resident tuition plus 50 percent, an amount considerably less than regular nonresident tuition.

For more information, visit www.wiche.edu/WUE.

Professional Student Exchange Program (PSEP)

The Professional Student Exchange Program allows students with to enroll in out-of-state professional programs in 10 healthcare fields and pay reduced tuition. The fields are dentistry, medicine, occupational therapy, optometry, osteopathic medicine, pharmacy, physical therapy, physician assistant, podiatry, and veterinary medicine.

For more information, visit www.wiche.edu/PSEP.

"The WRGP resident tuition rate allowed me to earn a valuable education without forcing me to go into large amounts of debt. This financial benefit and affordable education has provided me the opportunity to pay for additional trainings, books, and educational endeavors. These "bonus" avenues of training and education are giving me the skills to help people from all walks of life overcome various mental health difficulties. I am thankful for the opportunity to serve others in the future as a psychologist, and may not have had the opportunity to do so without the benefit of the WRGP tuition rate."

– Julio, Montana resident, Class of 2018, University of North Dakota, Counseling Psychology PhD

"WRGP made it possible for me to attend one of the most prestigious academic and clinical audiology training programs in the United States. Audiology has been a passion of mine, and I knew that once I completed my undergraduate training that I wanted to continue advancing my knowledge and career opportunities. WRGP enabled me to pay in-state tuition, thereby opening my academic program options. Without it, I wouldn't have been able to attend the University of Washington! Thank you, WRGP, for supporting students and promoting academic success!"

– Shanece, Colorado resident, Class of 2016, University of Washington, Clinical Doctorate of Audiology (Now serving as a Lieutenant in the U.S. Navy Medical Service Corps, in the Occupational Audiology Department at U.S. Naval Hospital, Yokosuka – Japan.)

"At the time I applied to graduate school, there were no master's programs focused on human anatomy offered in California. The closest one was at the University of Colorado Denver, so I applied. Before I went to UC Denver for my interview, I told my mom that without WRGP, I'd study something else, like chemistry. But I was putting on a brave face – I knew that teaching human anatomy at a community college was my true passion. Fortunately, I was accepted and offered WRGP! I'm now in my second semester of the program, I'm learning EXACTLY what I need and my skill set will be above and beyond what I'll need for my future career. I am so grateful for WICHE's WRGP. Without it, this perfect match would not have been possible, and I wouldn't be living life to its fullest!"

– Sara, California resident, Class of 2018, University of Colorado Denver, Master's in Modern Human Anatomy
